

Help Make Chinatown Streets Safer for our Elders

Safe Routes for Seniors

Did You Know?

Older adults make up 26% of traffic deaths in Los Angeles.

Join us on October 21st for a Town Hall!

Are you an older adult (65+) or who lives, works, or frequently visits Chinatown? The City of Los Angeles Department of Transportation (LADOT) wants to hear from you!

Share your input!

Saturday, October 21st | 10:30am-12:30pm

Alpine Recreation Center

Snacks and refreshments will be provided!

What is Safe Routes for Seniors?

Safe Routes for Seniors is an LADOT initiative that focuses on older adults (those ages 65 and older). Between 2023 and 2025, LADOT is piloting five neighborhood plans that will include transportation safety and quality of life improvements to key neighborhood destinations for older adults. The plans may include recommendations like **crossing improvements, shade and cooling** for people walking, and dedicated **space for people to ride their bikes**.
